

After more than 43 years in business, **Kennards Events** really knows how to throw a party.

When you're entertaining family and friends, your party's theme and styling are just as important as the food you're serving. Kennards Events has an extensive portfolio of party ideas. We'll help you wow your guests and make your celebration something really special. Our extensive range of equipment-for-hire includes pavilions, catering utensils, cookware, warming ovens, furniture, flooring and decorator accessories – everything you need to get your party started in style.

Quality, creativity and great service are hallmarks of every Kennards Events party. We pride ourselves on our attention to detail. It's the reason we place such importance on site inspections. It's the reason we pack your crockery, cutlery and glasses in hygienic sealed tubs. It's also why we stock the best hire products and marquees available.

When you choose Kennards Events for your get-together, you can be confident that it will be the best party in town. From design and styling, to set up and bump down, we have the products, the know-how, the inspiration and the experience to create any style of party. Talk to us today for a soirée that your guests will never forget.

# party the look

Host the perfect party with help from Kennards Events. Whatever the occasion – a special birthday, wedding anniversary, engagement or coming of age – creating the right setting is essential. A cleverly decorated area will not only bring your theme to life, it will also set the desired mood and create a memorable evening for your guests.

Whether you require few extra wine glasses or enough chairs and extension tables to seat an army, we have everything you need to get your party started. Our range of equipment-for-hire includes platters and bowls, catering utensils, cookware, crockery, cutlery, warming ovens, marquees and pavilions, furniture and decorator items.

Our marquees and pavilions are a comfortable and stylish solution to the perils of an indoor party. They can be constructed to virtually any size, are as narrow as three metres and will seat your guests outside in perfect comfort. The walls and ceilings can be tastefully draped with fabric, or you can hire a pavilion with clear walls to let in the view.

If you're looking for something with serious wow factor, try a Mexican theme – it's one of the hottest types of parties at the moment. Dress a long table with black linen, add bright red, yellow and orange runners, small pots of succulents, geometric china, shot glasses and voila. If you don't have these items on hand, there's no need to buy them. Simply check out the party equipment, pavilions, lighting and sound systems that are now available for hire from Kennards Events. Whatever your theme, we specialise in event styling and we have loads of ideas to give your party real pizzazz.

## stylishbbq

The table setting is one aspect of the traditional backyard barbie that is often overlooked. Don't settle for paper plates, plastic cutlery and a balancing act. This elegant and fun table layout with its vibrant colour and mood lighting will make the food taste even better. A simple arrangement of fishbowl vases filled with succulents plus vanilla ball candles on a raised dais add contemporary chic. China plates, Clarendon cutlery, plus our new Vogue glassware add the finishing touches to a simple but stylish BBQ. Thread tea light candles, rice paper lanterns and fairy lights through overhanging branches and your guests will love your new take on the humble BBQ.

## beachpicnic

When it comes to beach picnics, you're no longer limited to sandy blankets and gritty sandwiches. Our Finesse folding chairs in brilliant white timber are ideal for the beach. They are lightweight, look classy and will not sink easily into the sand. A large rectangular table, set with an avocado green overlay and crisp white linen, provides a practical and comfortable eating area for up to ten guests. Simply join a couple of tables together if you have a large guest list and don't forget some beach umbrellas for sun protection. For a table decoration with a difference, scatter brilliant white pebbles in between tall, ceramic vases of regal Calla lilies. Hi-ball glasses, Princess cutlery and our new square plates add a contemporary touch to this traditional picnic venue.

## neondisco

For a funky birthday celebration, why not invite your guests to their own personal disco? This colourful and stylish nightclub can be easily created inside a marquee, which is carpeted, lined with sheer curtains and lit in brilliant neon colours. Bold raspberry Ottoman benches and plush white lounges are styled with eclectic cushions and pillows. Our white coffee tables create intimate seating areas that your guests will love. Kennards Events can also supply a range of Libby wine glasses, plus tumblers, martini and hi-balls glasses, along with beer and water jugs, carafes, platters and bowls. A silver motorised mirror ball suspended from the ceiling, a powerful sound and lighting system, a timber dance floor, plus your favourite songs complete the best disco in town.

## glowlounge

Create this breathtaking alfresco area with help from Kennards Events. Available in charcoal and white faux-leather, these low-profile modular lounges look great grouped together. Retro light cubes double as quirky side tables and provide soft, subtle lighting. Tall tapered vases of submerged orchids and groovy geometric cushions are a real conversation starter. And for a drinks table with a difference, make sure you include a couple of our square pedestals. At almost a metre high, they're both decorative and functional - simply fill them with ice and add a few bottles of bubbly. If you don't have an outdoor entertainment area, why not hire a pavilion from Kennards Events? We will take care of everything for you, from the set up and styling to the bump-down the next day.

## icecave

Cocktail parties are the epitome of cool, especially when combined with a sub-zero theme like this one. Erect a silk lined marquee for a touch of sophistication and dress it up with fuzzy ball lights and charcoal carpet that contrasts beautifully with white Tempo bar stools and tables. White crockery, pristine linen and frosted Martini glasses finish the look. Blue glow bar lights create a chic (but never chilly) atmosphere. Hire one of our smoke or bubble machines for a special effect. Decorate with tall spaghetti jars of frosted willow branches and sprinkle a dusting of "snow" over the floor of your ice cave, for a cool and classy finishing touch.
